Dear Stephen

Thanks for your invitation to the J and J Risk Management Advisory Board meeting. I would like to participate, my fall schedule is already quite jammed.

I have an evening lecture in-state on Oct 6 and departure for WHO Geneva on morning of Oct 9 so the first two periods would be difficult I return from UK evening of Nov 4 so the third period is not possible, but perhaps my return destination could be the meeting location and I could be available for the fourth period, but I did not see a reference to the meeting location.

Best regards

David
